Terms and Conditions, medical risk and disclaimer

Terms and Conditions: I BUKHOSI MOYO apply to become a member of Virgin Active from 2025-07-30 to 2027-07-30, after which my membership will automatically continue on a month to month basis, unless I tell Virgin Active that I want to cancel. If I cancel before 2027-07-30, a cancellation fee is payable. I understand and acknowledge that my membership is subject to the full terms and conditions, the Privacy Policy and The Rule Book, all of which can be viewed via the Virgin Active website. Virgin Active may cancel my membership if I do not comply with my contract. If this contract is in the name of my Minor Child, by signing as Parent/Legal Guardian, I confirm that I agree to the Terms and Conditions and Accept the Medical Risk and Disclaimer on behalf of the Minor Child as well.

Medical Risk: Please carefully consider the following questions: Has a doctor ever said that you have a heart condition or any other chronic condition and recommended only medically supervised activity? Do you have chest pain brought on by physical activity? Have you developed chest pain in the last month? Have you on one or more occasions lost consciousness or fallen over as a result of dizziness? Has a doctor ever recommended medication for blood pressure or a heart condition? Are you aware, through your own experience or a doctor's advice of any other physical reason (including pregnancy) that would prohibit you from exercising without medical supervision? Do you have a bone or joint problem that could be aggravated by the proposed physical activity? If you answered YES to any of these, we strongly recommend that you obtain medical clearance before starting to exercise. There are risks associated with exercising and using gym equipment which can result in serious injury and even death. I accept responsibility for such risks. We recommend that you seek medical advice before you start a new exercise regime and that you always exercise to a level that is appropriate, given my knowledge of my health and any medical advice that I have obtained. I accept all risk and responsibility for nutritional, exercise or any other advice or plans that may be recommended to me.

Disclaimer: I understand and agree to the following disclaimer: To the fullest extent permitted by law, Virgin Active South Africa (Pty) Ltd or Virgin Active Botswana (Pty) Ltd, as the case may be, or any of their direct or indirect international affiliates who may give you access to their facilities as a result of this Contract, and/or their directors, employees and independent contractors (collectively, 'Virgin Active') shall not be liable for any loss or damage whatsoever and howsoever arising (including from any nutritional, exercise or any other advice) suffered by me or any of my dependents, including (without limitation) loss or damage to person or property from a negligent act or omission of Virgin Active, other members or guests.

- We subsequently discover that any part of your membership fees (under this Contract or any other previous Contract) are/were not paid in full when due; or
- After vetting your application to this Contract, we subsequently discover facts or information which if we had known prior to entering into the Contract, would have resulted in us not having entered into the Contract with you.

We will let you know if your Home Club is going to close. Where possible we will transfer your membership to a reasonably accessible alternative facility in which case your membership will continue. If this is not possible we will cancel your membership.

We also reserve the right to adjust operating hours from time to time.

Every Smile Dentistry – Pretoria Decision Brief (Condensed)

Prepared for: Dr. Zungu

Prepared by: Symaxx Digital (Bukhosi Moyo)

Period Covered: GBP **Mar–Aug 2025**; GA4 **Aug 2024–Aug 2025**

Decision Lens: Keep & 90-day turnaround vs. orderly closure

1) Executive Summary

Pretoria shows **solid demand signals** (calls, directions, page views) but **weak measured conversion** because GA4 conversions are not configured for the location page. July was a **peak month** across GBP actions with a **dip in August**. The location's **restricted service mix** (no crowns/bridges/veneers/root canals) limits high-ticket upside, so success depends on **volume + conversion hygiene**.

Important context: In the **last ~2 weeks** we shipped multiple on-page improvements on Pretoria pages (content refreshes, interlinking, stronger CTAs) and commissioned **200+ citations/NAP listings** (in progress; **ETA Fri, Aug 15, 2025**). These updates are **not yet reflected** in historical analytics; expect early movement in **GBP discovery searches** and **GSC impressions** within **2–6 weeks** as citations index and pages re-crawl.

Recommendation: Run a **focused 90-day turnaround** with clear tracking and offer-led marketing. If we **miss targets by >20%** at Day 90, proceed with an **orderly consolidation/merge**.

2) Key Numbers (what matters)

Metric	Period	Value	Source / Notes
GBP – Calls	Mar–Aug 2025	306	Interest signal; requires call tracking to qualify.
GBP – Chats	Mar–Aug 2025	114	Via GBP messages.
GBP – Directions	Mar–Aug 2025	471	High intent to visit; July peak → Aug dip.
GBP – Website clicks	Mar–Aug 2025	513	Feeds site page traffic.
GA4 – /dentist-pretoria views	Aug 2024–Aug 2025	1,259	Location page volume.
GA4 – Active users (same page)	Aug 2024–Aug 2025	980	—
GA4 – Avg engagement (same page)	Aug 2024–Aug 2025	~57s	Healthy interest window.
GA4 – Events (same page)	Aug 2024–Aug 2025	4,402	No Key events configured in export → conversions not measured.
GA4 – All "Pretoria" pages	Aug 2024–Aug 2025	7,271 views	49 URLs; mean engagement ~47.6s .

Top content feeding Pretoria (by views)

1. /dentist-pretoria/ (1,259)
 2. Dentures price blog (1,134)
 3. Dental implants Pretoria (937)
 4. Teeth removal cost Pretoria (836)
 5. Invisalign Pretoria cost (606)
-

3) 90-Day Turnaround (simple + practical)

- **Track properly (Week 0–1):** In GA4 mark **book_now**, **click_to_call**, **whatsapp_click**, **appointment_submit** as **Key events**. Assign a Pretoria call-tracking number; enable **GBP Bookings** with UTM.
 - **Make it easy to book/call:** Sticky WhatsApp/Call, 2-click booking on /dentist-pretoria and top Pretoria blogs; missed-call text-back.
 - **Offer-led demand:** “New Patient Special (exam + clean + x-rays)” across GBP posts, Meta lead ads (5 km), and Google call-only for emergency terms.
 - **Reputation flywheel:** Aim **+40 new reviews** in 90 days (≥ 4.8 ★), staff prompt + SMS link after visit. Add GBP Q&A and fresh photos weekly.
 - **Local SEO boost:** 3 Pretoria-intent blogs; add FAQs + LocalBusiness/Dentist + FAQ schema; internal link back to /dentist-pretoria.
 - **Weekly dashboard:** Leads, Booked, Show %, **New patients**, CPA. Adjust ads/creatives weekly.
-

4) KPIs & Decision Gate (what we judge by)

KPI (Day 90)	Target
New reviews added	+40 (rating ≥ 4.8 ★)
/dentist-pretoria booking rate	$\geq 2.0\%$ of sessions
Lead → Booked	$\geq 35\%$
Show rate	$\geq 75\%$
New patients / month	≥ 35
CPA per new patient	$\leq R650$

Go/No-Go Gate: If **new patients < 28/mo** or **CPA > R650** by Day 90 **after fixes**, begin **closure/merge** plan.

5) Notes & Constraints

- **Service restriction:** Pretoria & Port Elizabeth do **not** offer crowns/bridges/veneers/root canals
→ rely on general dentistry volume & sharp offers.
- **Citations/NAP build: 200+ listings** purchased; **delivery by Fri, Aug 15, 2025**. Expect indexation over ~1–3 weeks; monitor GBP discovery searches & GSC impressions for lift.
- **Recent updates:** On-page refresh + internal linking on Pretoria pages completed ~2 weeks ago; analytics lag applies.
- **Data caveat:** GSC “Search appearance” returned no rows (N/A). Conversions untracked in GA4
→ fixed in Week 0–1 tasks.

Every Smile Dentistry – Pretoria Decision Brief (Condensed)

Prepared for: Dr. Zungu

Prepared by: Symaxx Digital (Bukhosi Moyo)

Period Covered: GBP **Mar–Aug 2025**; GA4 **Aug 2024–Aug 2025**

Decision Lens: Keep & 90-day turnaround vs. orderly closure

1) Executive Summary

Pretoria shows **solid demand signals** (calls, directions, page views) but **weak measured conversion** because GA4 conversions are not configured for the location page. July was a **peak month** across GBP actions with a **dip in August**. The location's **restricted service mix** (no crowns/bridges/veneers/root canals) limits high-ticket upside, so success depends on **volume + conversion hygiene**.

Important context: In the **last ~2 weeks** we shipped multiple on-page improvements on Pretoria pages (content refreshes, interlinking, stronger CTAs) and commissioned **200+ citations/NAP listings** (in progress; **ETA Fri, Aug 15, 2025**). These updates are **not yet reflected** in historical analytics; expect early movement in **GBP discovery searches** and **GSC impressions** within **2–6 weeks** as citations index and pages re-crawl.

Recommendation: Run a **focused 90-day turnaround** with clear tracking and offer-led marketing. If we **miss targets by >20%** at Day 90, proceed with an **orderly consolidation/merge**.

2) Key Numbers (what matters)

Metric	Period	Value	Source / Notes
GBP – Calls	Mar–Aug 2025	306	Interest signal; requires call tracking to qualify.
GBP – Chats	Mar–Aug 2025	114	Via GBP messages.
GBP – Directions	Mar–Aug 2025	471	High intent to visit; July peak → Aug dip.
GBP – Website clicks	Mar–Aug 2025	513	Feeds site page traffic.
GA4 – /dentist-pretoria views	Aug 2024–Aug 2025	1,259	Location page volume.
GA4 – Active users (same page)	Aug 2024–Aug 2025	980	—
GA4 – Avg engagement (same page)	Aug 2024–Aug 2025	~57s	Healthy interest window.
GA4 – Events (same page)	Aug 2024–Aug 2025	4,402	No Key events configured in export → conversions not measured.
GA4 – All "Pretoria" pages	Aug 2024–Aug 2025	7,271 views	49 URLs; mean engagement ~47.6s .

3) 90-Day Turnaround (simple + practical)

- **Track properly (Week 0–1):** In GA4 mark **book_now**, **click_to_call**, **whatsapp_click**, **appointment_submit** as **Key events**. Assign a Pretoria call-tracking number; enable **GBP Bookings** with UTM.
 - **Make it easy to book/call:** Sticky WhatsApp/Call, 2-click booking on /dentist-pretoria and top Pretoria blogs; missed-call text-back.
 - **Offer-led demand:** “New Patient Special (exam + clean + x-rays)” across GBP posts, Meta lead ads (5 km), and Google call-only for emergency terms.
 - **Reputation flywheel:** Aim **+40 new reviews** in 90 days (≥ 4.8 ★), staff prompt + SMS link after visit. Add GBP Q&A and fresh photos weekly.
 - **Local SEO boost:** 3 Pretoria-intent blogs; add FAQs + LocalBusiness/Dentist + FAQ schema; internal link back to /dentist-pretoria.
 - **Weekly dashboard:** Leads, Booked, Show %, **New patients**, CPA. Adjust ads/creatives weekly.
-

4) KPIs & Decision Gate (what we judge by)

KPI (Day 90)	Target
New reviews added	+40 (rating ≥ 4.8 ★)
/dentist-pretoria booking rate	$\geq 2.0\%$ of sessions
Lead → Booked	$\geq 35\%$
Show rate	$\geq 75\%$
New patients / month	≥ 35
CPA per new patient	$\leq R650$

Go/No-Go Gate: If **new patients < 28/mo** or **CPA > R650** by Day 90 **after fixes**, begin **closure/merge** plan.

5) Notes & Constraints

- **Service restriction:** Pretoria & Port Elizabeth do **not** offer crowns/bridges/veneers/root canals
→ rely on general dentistry volume & sharp offers.
- **Citations/NAP build: 200+ listings** purchased; **delivery by Fri, Aug 15, 2025**. Expect indexation over ~1–3 weeks; monitor GBP discovery searches & GSC impressions for lift.
- **Recent updates:** On-page refresh + internal linking on Pretoria pages completed ~2 weeks ago; analytics lag applies.
- **Data caveat:** GSC “Search appearance” returned no rows (N/A). Conversions untracked in GA4
→ fixed in Week 0–1 tasks.
